

IN THE CLAIMS

Please add new dependent claims 68-82 as set forth below:

~~68~~<sup>14</sup> An arrowhead as recited in claim 1 wherein said second cutting edge is disposed on a second cutting blade attached to said arrowhead.

~~69~~<sup>15</sup> An arrowhead as recited in claim ~~68~~<sup>14</sup> wherein said second cutting blade is a fixed blade.

~~70~~<sup>16</sup> An arrowhead as recited in claim ~~69~~<sup>15</sup> wherein said arrowhead is a blade-opening arrowhead.

~~71~~<sup>17</sup> An arrowhead as recited in claim ~~69~~<sup>15</sup> further comprising a shaft configured upon said arrowhead so as to aid in fixedly attaching said second cutting blade to said arrowhead body.

~~72~~<sup>18</sup> An arrowhead as recited in claim ~~71~~<sup>17</sup> wherein at least a section of said shaft is threaded, said arrowhead body comprising a through hole having at least a section thereof threaded so as to receive said threaded section of said shaft therein when said fixed blade is attached to said arrowhead body.

~~73~~<sup>19</sup> An arrowhead as recited in claim ~~71~~<sup>17</sup> wherein said fixed blade has an aperture, said shaft extending through said aperture when said fixed blade is attached to said arrowhead body.

~~74~~<sup>20</sup> An arrowhead as recited in claim ~~73~~<sup>19</sup> wherein said arrowhead is a blade-opening arrowhead.

<sup>21</sup>  
~~75~~ An arrowhead as recited in claim ~~71~~<sup>17</sup> wherein said arrowhead body is a single integral structural entity.

<sup>43</sup>  
~~76~~ An arrowhead as recited in claim ~~24~~<sup>31</sup> wherein said second blade is a fixed blade having a cutting edge disposed thereon.

<sup>44</sup>  
~~77~~ An arrowhead as recited in claim ~~76~~<sup>43</sup> wherein said arrowhead is a blade-opening arrowhead.

<sup>45</sup>  
~~78~~ An arrowhead as recited in claim ~~76~~<sup>43</sup> further comprising a shaft configured upon said arrowhead body so as to aid in fixedly attaching said second blade to said arrowhead body.

<sup>46</sup>  
~~79~~ An arrowhead as recited in claim ~~78~~<sup>45</sup> wherein at least a section of said shaft is threaded, said arrowhead body comprising a through hole having at least a section thereof threaded so as to receive said threaded section of said shaft therein when said fixed blade is attached to said arrowhead body.

<sup>47</sup>  
~~80~~ An arrowhead as recited in claim ~~79~~<sup>46</sup> wherein said fixed blade has an aperture, said shaft extending through said aperture when said fixed blade is attached to said arrowhead body.

<sup>48</sup>  
~~81~~ An arrowhead as recited in claim ~~80~~<sup>47</sup> wherein said arrowhead is a blade-opening arrowhead.

<sup>49</sup>  
~~82~~ An arrowhead as recited in claim ~~79~~<sup>46</sup> wherein said arrowhead body is a single integral structural entity.--
